About INHRA

The public panel is co-hosted by [Documenta](#), supported by **swisspeace** and organized by the [International Network on Human Rights Archives \(INHRA\)](#). INHRA is an international network of civil society organizations, state institutions, international experts, and researchers working locally and internationally at the nexus of archives, human rights, and transitional justice. INHRA's objectives are to advocate for the importance of accessing, managing, and making accessible archives containing information related to human rights violations. It provides a platform to strengthen peer-to-peer exchange, identify trends, foster debate, and learning, develop resources, and build capacities related to the topic.
